## This is your theatre

The Archa Theatre is a unique space open to the most diverse and often unexpected encounters. We strive to discover the possibilities of art, give space to new ideas and different ways of perceiving current social events. Every year the Archa Theatre brings inspirational performances and projects from every corner of the world to more than 40,000 spectators.

With its unique dramaturgy, innovative projects across artistic genres, and state-of-the-art technical equipment Archa has gained a reputation as one of the most important progressive scenes in the Czech Republic and around the world.

The Archa Theatre does not have a permanent ensemble, instead working according to the principles of a production house, which provides artists with a production and technical milieu for their creation. This method of work permits the creation of original theatre, dance and music projects or co-productions, as well as guest appearances by local and foreign companies.

Your support is critical to our success. Only 35% of Archa's total budget comes from ticket sales. Grants from the Capital City of Prague, the Ministry of Culture of the Czech Republic and other local and foreign sources account for another 50% of the budget. This means that each year we have to receive at least CZK 5.5 million from donors, foundations and sponsors in order to be able to continue to create and develop inspirational artistic and social activities that enrich all of us.

**Our goal is to receive one fifth of this amount from you, our fans and spectators. Become a private donor and help finance the activities of your theatre.**

Thanks to your support we will be able to continue developing our educational programs (Archa.Lab ateliers or the Archa.Schools project), as well as maintain the high standard of our technical equipment, which has made Archa an exclusive theatre space in Prague and is crucial for presenting the best foreign artists.
